Professional Experience

FICO | Lead Technical Recruiter & Lead Campus Recruiter | May 2022 – July 2026

- Led full-cycle technical recruiting for Executive, AI/ML, Software Engineering, Cloud/DevOps, Data Science, Analytics, and Cybersecurity roles across a global FinTech organization.
- Served as strategic recruiting partner to the Chief Analytics Officer, driving AI, Data Science, and emerging-technology hiring.
- Owned end-to-end talent strategy for the VP of DevOps Enablement as the sole recruiting strategist, architecting and building the organization from the ground up across executive leadership, senior technical talent, and entry-level hiring.
- Recruited Principal/Senior Engineers, AI/ML Engineers, Cloud Architects, DevOps Engineers, Data Scientists, and Cybersecurity Engineers.
- Built passive pipelines via LinkedIn Recruiter, AI-powered sourcing, market mapping, and talent intelligence, improving pipeline quality and time-to-fill.
- Coached hiring managers on interview calibration, candidate assessment, and competitive market positioning.
- Built university partnerships and internship pipelines, achieving a 96% intern-to-full-time conversion rate.
- Managed 20+ concurrent high-priority searches while sustaining executive-level stakeholder relationships.

Concentra | Lead Corporate Technical Recruiter | July 2021 – May 2022

- Sole recruiter to build the technical recruiting function from the ground up, covering Executive, Software Engineering, Cloud, Infrastructure, Cybersecurity, Data, and Product roles.
- Partnered with engineering and business leaders on workforce planning and hiring strategy.
- Built passive pipelines for hard-to-fill technical roles through targeted sourcing and market research.
- Owned full-cycle recruiting, offer strategy, and negotiations across contract and permanent hires.
- Improved recruiting operations through metrics-driven process optimization.

Kforce | Senior Technical Recruiter | April 2019 – July 2021

- Recruited Executive, Software Engineering, Cloud/DevOps, Infrastructure, Cybersecurity, and Data/Analytics talent across client accounts.
- Built passive pipelines through strategic sourcing, networking, and talent market mapping.
- Advised hiring managers on compensation benchmarking, candidate evaluation, and market conditions.
- Consistently exceeded hiring goals and client expectations across concurrent technical searches.
- Applied recruiting analytics and market intelligence to improve sourcing performance.

Alliantgroup | Lead Technical Recruiter and Campus Recruiter Contract) | January 2018 – March 2018

- Led national campus recruiting initiatives spanning university partnerships, career fairs, and employer branding.
- Built early-career talent pipelines through relationships with universities, career services, and student organizations.
- Coordinated sourcing, interviews, and hiring logistics for internship and entry-level programs.
- Represented the employer brand at career fairs and campus engagement events.

Education

University of Houston | B.B.A. Supply Chain Management, May 2016
